Hauchecome had just arrived at Goderville, and he was walking towards the public square. Then he saw a little piece of string on the ground. He thought that everything useful ought to be picked up. He took the bit of thin cord from the ground and began to roll it carefully. Then he noticed Malandain, on the threshold of his door, looking at him. They were on bad terms with each other. Hauchecome was seized with shame to be seen thus by his enemy. He concealed his find quickly in his trousers pocket. He pretended to be looking on the ground for something else. Then, he went towards the market.

He was soon lost in the noisy crowd. Soon, the square was deserted. At the tavern, the great hall was full of people eating.
